Dennison Rivera Campaign Finance Violations

Dennison Rivera filed as a candidate in House District 79 on March 4, 2020.¹ Since that time, he has reported zero campaign expenditures even though he has demonstrably incurred expenses. He has also failed to include proper attribution on digital communications in support of his campaign.

1. Rivera has failed to report campaign expenditures related to his campaign website

The domain name riveraforhd79.com was registered on April 10, 2020.² This domain name hosts a website for Rivera's campaign that has been live since at least April 2020.³ Rivera posted this campaign website address on Facebook on April 22, 2020.⁴ Information in the source code of the website's pages indicate that editing/construction occurred during the month of April 2020.⁵ The website includes a credit that says it is "Paid for by Dennison Rivera for HD 79, Republican."⁶

However, Rivera did not report any expenditures related to the creation of this website, such as domain name registration, hosting, labor, stock photo acquisition, or software during the month of April 2020 or any other time. Failing to report these expenditures is a violation of MCA 13-37-225 to 13-37-229 and ARM 44.11.501-502.

2. Rivera has failed to report campaign expenditures related to the production of campaign signs

Rivera has produced signs to promote his campaign. He deployed some of these signs around the district prior to the June primary election.⁷ One of these signs is shown on his website on an image uploaded in June 2020.⁸ Signs also remain visible around Helena in July 2020.⁹

Rivera did not report any expenses related to the production of campaign signs in May 2020 or any other time. Failing to report these expenditures is a violation of MCA 13-37-225 – 13-37-229 and ARM 44.11.501-502.

3. Candidate Rivera has failed to report expenditures or provide proper attribution related to the activities of the Helena Facts Media social media site and website

The Helena Facts Media Facebook page was first created in September 2019.¹⁰ The Facebook page's content stepped up considerably beginning in March 2020, after Rivera declared his candidacy. In July 2020, a Helena Facts Media website also appeared. Both the Facebook page and website have expressed views on several ongoing issues in Helena, including the city manager hiring process, the budget for school resource officers, and the recall of city commissioners. Even though the Facebook page and the website purport to be a media outlet, they are clearly being run by Rivera and, in the months since he announced his candidacy, have been used to advance his campaign.

The Helena Facts Media Facebook page and website do not provide any contact information or identify any author(s). For the record, there is no bona fide media outlet registered with the Secretary of State's office operating under this name as a business or nonprofit organization. Rivera appears to be producing content for both the Facebook feed and the Helena Facts Media website, including content that has been promoting his candidacy for HD 79.

Facebook Content

Three Facebook posts during June 2020 and July 2020 link to downloadable documents that list Rivera as the document creator:

- On June 22, 2020 a Facebook post was made that links to file that contains questions about the Helena Interim City Manager hiring process that is hosted on a Google drive.^{11,12} The document properties say that the author is "Dennison Rivera"¹³
- On June 29, 2020, a post was made that links to form letter of support for the Helena Police Department that is hosted on a Google drive.^{14,15} The document properties say that the author of this document is "Dennison Rivera".¹⁶
- On July 21, 2020, a post was made that links to a form letter directed at the ACLU that is hosted on a Google drive.^{17,18} The document properties on say that the author of this document is "Dennison Rivera".¹⁹

In addition to print materials that appear to be produced by Rivera, the Helena Facts Media Facebook page has also been distributing posts that include video clips of Rivera speaking up on issues. These posts clearly and intentionally depict the candidate in a positive light. Note that these posts and the embedded videos specifically identify Rivera as "HD 79 Republican Candidate" and not as a resident of Helena, a private citizen, a business owner, or any other non-electoral affiliation.²⁰ Note further that the original video in these clips is from a Helena City Commission meeting in September 2019, well before Rivera was a candidate. These video clips were produced after Rivera had declared his candidacy in HD 79, and whoever is producing them is clearly aiming to promote his campaign. To further emphasize the intent of promoting Rivera's campaign, Rivera has reshared the clips through both his own personal and campaign social media channels.²¹ Production of these video clips would have required the expenditure of funds for software, hardware, and labor.

Note that in some of his reshares of the Helena Facts media posts, Rivera has referred to the content as if it were coming from a third party source (e.g. "I really appreciated being featured in this video and several videos from this media group. Thank You!").²² This suggests an intentional effort to obscure his involvement in the production of this content to promote his campaign.

Helena Facts Media Website

The domain name helenafactsmedia.com was registered on July 1, 2020, which means the expense was incurred after Rivera had secured the nomination in HD 79.²³ The website was announced on the Helena Facts Media Facebook page on July 7, 2020.²⁴ The registrant of this

domain name is concealed by proxy and not publicly visible (although it would be available to an official request. The site appears to be hosted by the webhosting company Bluehost, the same company hosting Rivera's campaign website. In addition, an error message encountered on July 30, 2020 indicates that the site is set up as a subdomain of riveramarketingstrategies.com, which is Rivera's personal business website.²⁵ There can be no question that he is running the site, even though it does not identify any authors, provide any attribution for content, or include any contact information besides a generic email address.

During the month of July, the Helena Facts Media website has provided links to much of the same content in the Facebook feed, including the above-mentioned videos describing Rivera as "HD 79 Republican Candidate" and promoting his stances on a variety of issues.²⁶ In addition to directly referring to his candidacy, the website has produced other content that candidate Rivera has then shared on his campaign Facebook page to encourage support for his candidacy, such as blog posts about local Helena issues.²⁷ Again here, Rivera has shared the content with an intent to obscure his own involvement in its production. The production of the website and all of its content has required the expenditure of funds for software, domain registration, hosting, hardware, graphics/document production, and labor.

While neither the Helena Facts Media Facebook page nor website identify any author or provide any transparent contact information, it does appear that Rivera is managing and producing the content for these sources. To the extent that candidate Rivera is producing this content - which identifies him as a candidate and highlights his activities in a positive way - it can be subject to no reasonable interpretation other than as a call for his election. Rivera's practice of resharing this content on his campaign website further indicates his clear intent in producing the content in order to encourage his election. In addition to meeting the definition of an election communication under MCA 13-1-101, note also that at least one of the posts shared through the Helena Facts Media Facebook page also meets the definition of an electioneering communication under MCA 13-1-101.²⁸

The expenses that went into production of content on the Helena Facts Media Facebook page and website are reportable expenditures under MCA 13-37-225 – 13-37-229 and ARM 44.11.501- ARM.11.502. Failing to report these expenditures is a violation of the same. In addition, the lack of proper attribution on the Helena Facts Media website and Facebook page is a violation of MCA 13-35-225 and ARM 44.11.506.

The screenshot shows a web browser window displaying the website helenafactsmedia.com/videos. The page has a dark blue header with navigation links: Home, About, Articles, Community Letters, Videos, Resources, and Contact. A central video player features a man speaking at a podium, with the text "Dennison Rivera" and "HD79 Republican Candidate" overlaid. To the right of the video is a section titled "City Manager Dilemma Series" with the subtitle "This series covers the questionable process of the City Manager Position by the Helena's City Commission" and a "More" button. The browser's address bar and taskbar are visible at the bottom.

27 Dennison Rivera for HD 79 Facebook post on July 17, 2020 (accessed July 18, 2020).

The screenshot shows a Facebook post from the page "Dennison Rivera for Montana HD79". The post text reads: "And there you have the classic 'chicken' - a multi-head. As a small business owner, business everyone has a right to be successful and grow their business ethically BUT not by taking advantage of residents. This article seems to suggest that it's plain wrong for an elected official to be making decisions based on making a personal gain. He should be making decisions on what's best for his constituents. I don't know all the ends or starts of the law, but is there a 'do as you would be done by' here? How will he be made accountable for these actions? We got Commissioner O'Rourke advocating to change the policy and Commissioner Healy. (Reply) Advocating for a position to make personal gain. That's 2 out of 5 Helena City Commissioners. Seriously? And don't get me started on the lack of transparency and decisions that are predetermined. Helena we need to better. We must vote for people who will actually listen and KEEP @w. Cash." The post includes a video thumbnail, a "Like" button, and a comment from "Jason Heston". The Facebook interface, including the profile picture and navigation menu, is also visible.

28 Helena Facts Media Facebook post on May 14, 2020 (accessed July 30, 2020) – communication referring to candidate within 60 days prior to the primary election.

The screenshot shows a Facebook post from the page 'Helena Facts Media' (@helenafactsmedia). The post is dated May 14, 2020, and is part of a 'Dilemma Series'. The main content is a video titled 'Dennison Rivera' with the subtitle 'How a Republican Candidate Became a Democrat'. The video shows a man, presumably Dennison Rivera, speaking at a podium in a council chamber. The text of the post reads: 'WATCH NOW: Right before the COVID crisis, Helena residents were shocked by the City Commission's process for hiring an Interim City Manager. In the first video in this series, we show you how this whole dilemma started, in order of events, and comments from Commissioners and residents. As the city is in the beginning phases of hiring a permanent city manager, we wonder how the commission will conduct themselves this time... See More'. The post has 19 reactions, 25 comments, and 72 shares. The right sidebar shows 'Page Transparency' information, 'Related Pages' including 'Sean Logan - Helena C...', 'Dennison Rivera for M...', and 'City of Helena, Local G...', and 'Pages Liked by This Page' including 'Montana Viewpoint'. The bottom of the image shows a Windows taskbar with the time 1:42 PM on 7/30/2020.
