Hi, Scott, I sent a notarized amended version of the complaint to your office this morning, copy attached. I removed my home address, and also the short note at the end – it's not relevant to the C5 forms, and may direct bad guys to the CERS online access, which gives home addresses. I also took out the second phone number listed for Jean, her cell phone. Though she's used it with me for business many times, I'm not sure if she'd want to disclose it publicly, so that's omitted in this version too. I really appreciate allowing me to amend this form, I should have been more careful when filing. Thanks for your help.

Juliane Lore.

Juliane,

Thanks for reaching out. The Commissioner and I believe it would be appropriate for you to send an amended copy listing your office address instead of your personal address, and that copy is what would be posted on the COPP's website.

Hello, Scott, I'm emailing on direction from Cheryl about a request for a redaction; I apologize I didn't review previous complaints prior to filing and see that the form itself would be made public. In the finance reporting complaint, Lore v. Kerr, my personal address on 709 Roundhouse Drive is listed. I am also the prosecutor, and state that in the body of the complaint. Is there any chance that you may agree to redact the address for me, or possibly allow me to file an amended version listing my office address instead? I sure appreciate your help if you may assist. Thanks.

J. Lore.

Juliane,

Please see the attached letters from Commissioner Mangan- one regarding the formal Ethics complaints you had filed with our office, and the other regarding the formal Campaign Finance and Practices complaint you had filed. Hard copies of these letters will be sent via U.S. Mail.
