Subject: [EXTERNAL] Re: Denowh v CELC, COPP-2022-CFP-009- attribution response required by 5:00 PM today (Monday, May 16, 2022)

Hi Scott,

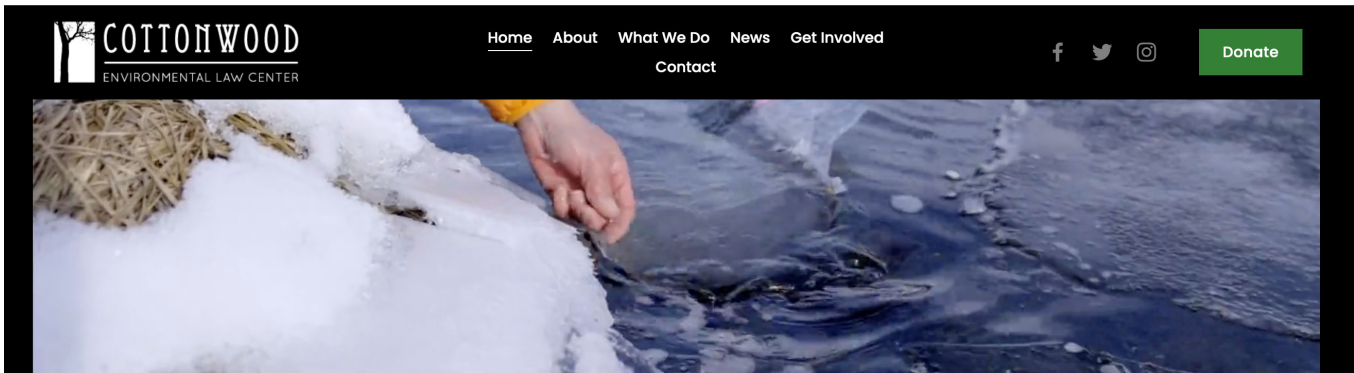

Thank you for the email and a copy of the complaint.

I have attached a photo of the attribution on our website that indicates the "full paid for by" message that your office has deemed necessary. Please let me know if there is anything else that needs to be immediately addressed.

I understand that Cottonwood needs to provide your office with additional material in the next several days. We will respond as soon as possible.

Best regards,

John Meyer

The Polluters are getting nervous. They started a new political action committee (No on I-191) and filed [this complaint](#). Everything on our website and social media accounts regarding I-191 was made and paid for by Cottonwood unless otherwise noted. [Sign the Petition](#) and tell polluters to take a hike.
