

Montana COPP and MAR Campaign Finance Reporting Workshops for Candidates and Political Committees - 2020

FREE upcoming Montana COPP campaign finance reporting workshops for all Montana candidates and treasurers!

The Commissioner and COPP staff will walk all participants through Montana requirements for finance reporting, specifically taking you through reporting using the Campaign Electronic Reporting System (CERS) in real time with examples, information, and discussion. The COPP recently updated the CERS user interface in January 2020, and a review of these updates will be part of the workshop. Zoom conference video is also available free of charge. Please register so we can ensure we have enough materials available and registration for Zoom is necessary if you plan to conference-in online. The setup is simple for Zoom and instructions will be included in your zoom registration.

Please note - this is not a 'Campaign School', but rather a 2 hour workshop by COPP staff focused specifically on Montana finance reporting using CERS. MAR is hosting the events as part of its public education outreach and will not be presenting. We 1st presented this training in 2018 and it was very successful! You may find information here -

<http://politicalpractices.mt.gov/calendars#827239800-candidate-committee-and-treasurer-training-events> and register here <https://www.montanarealtors.org/campaign-finance-training/campaign-finance-training/>
