

CAMPAIGN SCHOOL

Have you ever considered running for public office? Do you wish you could sharpen your campaign skills in a run at politics? At the non-partisan Campaign School, you'll get the tools before you throw your hat into the ring. Learn what it takes to wage an effective campaign from proven campaign professionals.

The Campaign School will provide information and training on such things as working with volunteers, communication, fundraising, campaign and finance laws, writing a campaign plan, getting out the vote, election day activities and other relevant campaign topics, including talking to the press.

You'll meet with campaign professionals familiar with the political landscape of the state, people who can and will address all of these subjects. And you'll talk to elected officials in a "round table" setting to get all your questions answered. Even if you're just toying with the idea of running, you can use this day of training to sharpen your focus before making a decision.

Sign up now for a full day of insight and information to ensure that your campaign is a winner.
