Statement of facts:

Describe in detail the alleged violation(s) and cite the statute or statutes you believe have been violated. Please attach copies of documentary evidence to support the facts alleged in your statement.

If the space provided below is insufficient, you may attach additional pages as necessary.

Regarding Vote Yes for Public Safety:

This organization is taking in money to purchase signs, and possibly other materials, as noted on their Facebook posts. They have a website as well, and are taking in donations via ActBlue on their portal. Please see the website and attached items for visual aid. This organization has not been listed publicly with any agency until yesterday, for political action, as it is pushing Call to Action for the upcoming Levy and Bond measures on the June 4th, 2024 Ballot. This is a disservice to the public and any opposing viewpoints, or organizations that may be working on this same issue. This organization only appears to have been made public with the CoPP as of yesterday, May 2, 2024, however the registration was done 03/15/24. As of Monday 04/29/24 this organization could not be found to the public, and as such has also missed several timely filing dates for the Month of April (April 2 and April 25). They failed to submit their report on 03/30/2024, and submitted an insufficient report on 05/02/24 that does not go through 04/30/24. They were spending money at least by April 2nd, as the website was already active and taking in donations. That being said, they had donors before this date. As a citizen, I have been unable to see who their donors are, and still cannot see a full and timely report of this information, where they are spending their money, and any accounting for any actions they are committed to in my community. This is an unfair acceptance of political action and needs to be addressed harshly.

Complaints must be:

- **signed**
- **notarized**
- **delivered in person or by mail.**
