April 24, 2015

Dear Commissioner Motl,

I am writing to lodge a formal complaint against the Gallatin County Democratic Central Committee. I am alleging several violations of election law for failures to properly and completely disclose contributions and expenditures. Statutes in question include disclosure of contributions received (§13-37-229, "full name, mailing address, occupation and employer of each person who has made aggregate contributions of \$35 or more") and disclosure of expenditures made (§13-37-230 "full name and mailing address (occupation and principal place of business, if any) of each person"/business). While this has occurred over several years, I am only enclosing evidence for the 2 periods during which the worst offenses have occurred, although minor ones have occurred in other reporting periods. This includes reports for the 2011 year and June 19, 2014 to October 18, 2014 reporting periods and filings by such committee

Statement of Facts:

Because of the changing nature of the campaign finance and dual systems with which the public is offered to look up campaign finance information, I must reference both the Original and Amended filings of this committee.

First, in January of 2012 the Gallatin County Democratic Central Committee filed a report covering the entire period from 1/01/2011 to 12/31/2011. I'm enclosing both the original and current CERS filing, but they appear to be identical. During this period the political party committee lists \$7,472.26 in receipts and \$7,903.00 in expenditures. The original filing lists little to no address/occupation/employer information for contributors and no address information for expenditures, only names. In the current CERS filings, some of the information appears, but by my estimates there is still a huge amount of missing required information. Out of 81 listed contributions, only 20 have complete information, slightly less than 25%. Of the expenditures, only 6 out of 50 listed expenditures contain complete information, approximately 12%. This would appear to be 105 separate instances of failure to comply with statute concerning proper disclosure.

Second, in October of 2014 the political party committee filed an original filing with several

discrepancies. The first is the existence of anonymous donations in the amounts of \$1,780.00 on 9/16/2014 and a second in the amount of \$346.00 on 6/25/2014. In the original filing these are both listed only as "Anonymous,Anonymous." In the amended filings, the names of the Contributors are changed to "Gallatin Dems Spring BBQ," and "Spring Social," respectively. However, no more details on the actual contributors are provided. I believe this was most likely a change so that the CERS system would no longer flag the donations as improper, however, they still do not meet the requirements of statute that donor information is disclosed.

Next, while almost all of the contributors are listed properly with address information, none of them contain any information as required by statute in regards to occupation and employer. One contributor, Billy McWilliams has only his name with no address or employment information being provided. I ~~could~~ ^{could count} a total of 123 separate contributions on this filing that do not contain required employment information. In addition, under expenditures information is missing for a "Charity Auction Organizer," and "Postmaster General," which requires address and employment information, if applicable.

You are quoted in a December 8th, 2014 *Bozeman Daily Chronicle* article, along with the head of the Gallatin County Democratic Central Committee, decrying poor reporting standards of the Gallatin County Republican Central Committee and its failure to properly disclose donor information. I believe it to be reprehensible for one side of the political spectrum to be held to different standards than another, especially when Ms. Quenemoen, the head of this organization is in the press decrying the same behavior they've exhibited for several years, per these filings. I believe the enclosed documents and filings demonstrate a lack of proper reporting that appears to be widespread, egregious and need of attention in order to make sure activities of both side are both legally accountable and transparent. It is in the best interest of the public and the law that both organizations in Gallatin county receive equal scrutiny when it comes to their campaign finance and transparency. Additionally, I ask for swift investigation and resolution, since I've been told by your office that the statute of limitations on these actions is 4 years, which makes the contributions and expenditures from 2011 of urgent need of action by your office.

I affirm all of the above to be true to the best of my knowledge.
