

Montana law requires all paid election communications, electioneering communications and independent expenditures to include a proper “paid for by” attribution. Mont. Code Ann. § 13-35-225. Mont. Code Ann. § 13-35-225 further provides as follows:

(3) If a document or other article of advertising is too small for the requirements of subsections (1) and (2) to be conveniently included, the candidate responsible for the material or the person financing the communication shall file a copy of the article with the commissioner of political practices, together with the required information or statement, at the time of its public distribution.

Pursuant to Mont. Code Ann. § 13-35-225(3) we submit the following “paid for by” attribution for the independent expenditures described below. Each mail piece and digital ad contains one of the following individual attributions, but not all nine attributions could reasonably or conveniently fit on the digital ads. The webpage that all digital ads click through to contains all nine attributions.

The first round of direct mail went out with one PAC “paid for by” attribution on it for the candidates listed below with “direct mail” noted in the IE description. The vendor has since included all nine PAC attributions listed below in the design for all future direct mail pieces. All PACs listed below contributed to the payment for these direct mail and digital ad independent expenditures.
