Good afternoon,

Thank you for your message. Commissioner Mangan and the COPP's compliance staff have had a chance to look at the material presented, and it is our determination that there is in fact space to include the 'Paid for by' attribution statement. While we accept the notice you provided about what the attribution would say for those business cards that have already been distributed without it, any future printings would require the attribution statement be included somewhere on the material. Feel free to call or email with additional questions.

If you have any questions, please call or email for more information.

**Subject:** Letter for non-attributed item for Montanans for Olszewski campaign

Good afternoon,

A material that was printed by the Montanans for Olszewski campaign did not have adequate space to put the full "paid for by" attribution. Attached is a letter to notify the Commissioner of Political Practices, prior to the material's distribution.

Thank you,  
Ian Sibbert, Campaign Coordinator
