**Subject:** [EXTERNAL] COPP-2020-CFP-031

Scott,

I am writing to you today to inform you that Greg form Montana as brought the materials referenced in COPP-2020-CFP-031 into compliance by halting any further distribution of the material. Any future distribution of similar materials will include the appropriate attribution.

Additionally, as requested in your July 23 email to Lorna Kuney, I have mailed a hard copy of the material to your office along with "a written message providing the attribution statement that should have been included that also describes or details how many copies where distributed and when the material was distributed."

As will be reported on our next campaign finance report – the campaign produced 500 of the these books at a cost of \$1,850. Approximately 400 books where distributed from 7/10/2020 through 7/22/2020 (the date we were notified by your office that the error had occurred).

The appropriate attribution for this material is - Paid for by Greg for Montana, Republican, P.O. Box 877 Helena, MT 59624

Thank you for bringing this issue to our attention, the attribution was inadvertently left off the materials by the firm that designed them for the campaign.

If you have any questions or need any further information please feel free to contact me .

Thanks  
~jake
