I sent this yesterday to "help" and am not sure which email address I was supposed to use. So I am resending to "compliance." Thank you.

**Subject:** Troy McGee for Helena City Commission

In attending the Zoom presentation today, which I appreciated, I learned that hats and shirts with candidate's name imprinted thereon is printed material for attribution purposes. We ordered two baseball hats and six polo shirts. These items were purchased by the McGee for City Commission, PO Box 624, Helena, MT 59624-0624. See pictures attached. They are not going to be resold. They are gifts to few supporters. These do not have attributions attached. The shirts and hats are embroidered and there is not enough room to add the attribution. I am requesting that this notification recognize the attribution for these items. Please let me know if there are any comments or questions.

David L. Nielsen  
Treasurer McGee for Commission Campaign
