

“Robo Calls” are illegal in Montana, but enforcement is difficult

Automated calls are illegal in Montana. The statute is MCA 45-8-216 (see below). The statute is not specific to political campaigning and is not under the jurisdiction of the Commissioner of Political Practices.

The statute is contained in the criminal code under "Offenses Against Public Order" and the Commissioner has no authority in that area. Criminal complaints are handled by the County Attorney, and that is where to take a complaint.

Please see the Montana Code Annotated link and text below which outlines the statute concerning robo calls in the State of Montana.
