Good afternoon,

We have filed and certified a report via CERS from January 2019 through today. Please acknowledge this email as our response and let us know what the next steps are.

I appreciate your office's help through this process and answering all of our questions for us.

Faith and Pat,

As things settle down, and I am able to read the calendar, I see your extension deadline falls on a Saturday. This is handled via statute anyway, but I thought I would specifically acknowledge to you that your deadline is actually 5:00 PM, Monday, May 22, 2023. We will not review it until the morning of May 23rd so if you need those additional hours please feel free to take them.

Take care, and I hope you found some time to relax after what I am sure was an eventful session for you.

Thank you for your time and continued consideration of this important matter.

Chris

Subject: BSBDP Response to Complaint

Faith and Pat,

This is to acknowledge you provided me an updated C-2. Your C-2 is now confirmed as filed in this office. We can have you electronically update it as we proceed.

This also confirms that I discussed your situation with respect to responding to the complaint now in your possession. As a result of that conversation, your response deadline is May 20, 2023 by 5:00 PM.

Thank you for your prompt attention to this important matter. I appreciate your willingness to diligently address them, and look forward to working with you to resolve these issues.

Truly,

Chris
